LUMINAIRES

COLLECTION 2026/27

flametluceluminaires.com

Chez Flam & Luce, la nouveauté n’est pas une destination — c’est un chemin que nous parcourons sans relâche, à travers les styles, les matières, les couleurs, les usages. De cette quête naît un langage qui nous appartient, tissé de rencontres entre les formes et les matières. Laissez-vous porter par la vision singulière de chaque designer, où une technologie discrète et des matériaux venus des quatre coins du monde se métamorphosent en lumière. Que la lumière soit redécouverte, une fois encore.

At Flam & Luce, novelty is not a destination — it’s a path we walk without pause, through styles, materials, colours, uses. From this quest is born a language that belongs to us, woven from the meeting of forms and matter. Let yourself be carried by the singular vision of each designer, where quiet technology and materials gathered from every corner of the world are transformed into light. Let light be rediscovered, once again.

Na Flam & Luce, a novidade não é um destino — é um caminho que percorremos sem pausa, através dos estilos, das matérias, das cores, dos usos. Desta busca nasce uma linguagem que nos é própria, tecida do encontro entre formas e matérias. Deixe-se levar pela visão singular de cada designer, onde uma tecnologia discreta e materiais vindos dos quatro cantos do mundo se transformam em luz. Que a luz seja redescoberta, mais uma vez.

Illuminons vos journées

Let's brighten up your days

Vamos iluminar os seus dias

Il y a, chez les designers réunis par Flam & Luce - Luminaires® pour cette nouvelle collection, une même façon de regarder le monde : exigeante, plurielle, résolument tournée vers demain. Leur savoir-faire technique ne sert pas seulement la forme — il ouvre la voie à des tendances qui n'existaient pas encore. Nourris par les grands rendez-vous européens du secteur et par des carrières qui ont traversé les frontières, ils portent un regard aussi précis sur l'Architecture des Environnements que sur le geste du design produit. De leurs visions exigeantes naissent des créations vivantes, où l'audace et l'innovation deviennent une évidence. Matières inédites, couleurs affirmées, influences qui se croisent sans jamais se ressembler : chaque pièce Flam & Luce esquisse un monde — élégant ici, poétique ailleurs, tantôt urbain, tantôt façonné à la main — dans une quête sans fin du nouveau et de l'intemporel.

There is, among the designers gathered by Flam & Luce - Luminaires® for this new collection, a shared way of looking at the world: demanding, plural, resolutely turned towards tomorrow. Their technical mastery does not simply serve form — it opens the way to trends that did not yet exist. Shaped by Europe's leading trade fairs and by careers that have crossed borders, they bring the same precise eye to the Architecture of Environments as to the gesture of product design. From their exacting visions come creations full of life, where boldness and innovation become second nature. Unexpected materials, confident colours, influences that cross paths without ever repeating themselves: each Flam & Luce piece sketches a world — elegant here, poetic there, sometimes urban, sometimes shaped by hand — in an endless quest for the new and the timeless.

Há, entre os designers reunidos pela Flam & Luce - Luminaires® para esta nova coleção, um mesmo modo de olhar o mundo: exigente, plural, decididamente voltado para o amanhã. O seu saber-fazer técnico não serve apenas a forma — abre caminho a tendências que ainda não existiam. Nutridos pelos grandes encontros europeus do setor e por percursos que atravessaram fronteiras, trazem um olhar tão preciso sobre a Arquitetura dos Ambientes quanto sobre o gesto do design de produto. Das suas visões exigentes nascem criações vivas, onde a ousadia e a inovação se tornam evidência. Matérias inesperadas, cores afirmadas, influências que se cruzam sem nunca se repetirem: cada peça Flam & Luce esboça um mundo — elegante aqui, poético ali, ora urbano, ora moldado à mão — numa busca incessante pelo novo e pelo intemporal.

SATURNE joue avec les contrastes de matières et de proportions. Son pied élancé en PU effet cuir est souligné d'une couture ivoire réalisée à la main, en écho au disque supérieur recouvert de fins rubans de tissu.
Posé librement sur un globe en verre opale, celui-ci peut être incliné pour orienter la lumière selon les envies, donnant à SATURNE une dimension sculpturale et fonctionnelle.
Déclinée en lampadaire, lampe de chevet et suspension, la collection revisite l'esthétique seventies avec une élégance légère et tactile, où le savoir-faire artisanal rencontre une approche contemporaine de la lumière.

SATURNE plays with contrasting materials and proportions. Its slender PU leather-effect base is enhanced by a hand-stitched ivory seam, echoing the upper disc covered with fine fabric ribbons.
Resting freely on an opal glass globe, the disc can be tilted to direct the light as desired, giving SATURNE both a sculptural and functional dimension.
Available as a floor lamp, bedside lamp and pendant, the collection revisits the seventies aesthetic with a light, tactile elegance, where craftsmanship meets a contemporary approach to light.

SATURNE joga com o contraste de matérias e proporções.
A sua base esguia em PU com efeito de couro é valorizada por uma costura em fio marfim, feita à mão, em diálogo com o disco superior revestido de finas fitas de tecido.
Repousando livremente sobre um globo de vidro opalino, o disco pode ser inclinado para orientar a luz ao gosto de cada um, conferindo à SATURNE uma dimensão simultaneamente escultórica e funcional.
Disponível em candeeiro de pé, candeeiro de mesa de cabeceira e suspensão, a coleção revisita a estética seventies com uma elegância leve e tátil, onde o saber-fazer artesanal encontra uma abordagem contemporânea da luz.

Saigon

Inspiré du nón lá, le traditionnel chapeau conique vietnamien, SAIGON associe légèreté et architecture. Son diffuseur plissé, délicat et graphique, s'ouvre comme une corolle autour d'un axe central, créant un jeu de lumière tout en finesse.
Référence subtile à l'artisanat vietnamien, SAIGON présente une silhouette aux accents rétro, entre tradition et modernité, où géométrie et douceur se rencontrent pour faire de la lumière un véritable élément décoratif.

Inspired by the nón lá, the traditional Vietnamese conical hat, SAIGON combines lightness with architecture. Its delicate, graphic pleated diffuser opens like a corolla around a central axis, creating a beautifully refined interplay of light.
A subtle reference to Vietnamese craftsmanship, SAIGON has a retro-inspired silhouette, somewhere between tradition and modernity, where geometry and softness meet to make light a true decorative element.

Inspirada no nón lá, o tradicional chapéu cónico vietnamita, SAIGON combina leveza e arquitetura. O seu difusor plissado, delicado e gráfico, abre-se como uma corola em torno de um eixo central, criando um jogo de luz de grande delicadeza.

Stripes

STRIPES joue avec les contrastes pour créer une silhouette graphique et résolument contemporaine. Le métal noir mat rencontre l'éclat du chrome et de l'inox poli, tandis que les abat-jours se parent de rayures irrégulières, associant deux teintes dans un jeu de lignes libre et spontané.
Entre rigueur géométrique et mouvement, STRIPES revisite le langage graphique des seventies avec une touche contemporaine. Une ligne expressive, où les contrastes de matières, de couleurs et de lignes composent un objet à la fois élégant et plein d'humour.

STRIPES plays with contrasts to create a graphic and resolutely contemporary silhouette. Matte black metal meets the brilliance of chrome and polished stainless steel, while the lampshades are adorned with irregular stripes, combining two hues in a free and spontaneous interplay of lines.
Balancing geometric rigor and movement, STRIPES revisits the graphic language of the seventies with a contemporary twist. An expressive line, where contrasts of materials, colors, and lines compose an object that is both elegant and full of humor.

STRIPES joga com os contrastes para criar uma silhueta gráfica e decididamente contemporânea. O metal preto mate encontra o brilho do cromado e do inox polido, enquanto os abat-jours se revestem de riscas irregulares, associando duas tonalidades num jogo de linhas livre e espontâneo.
Entre o rigor geométrico e o movimento, STRIPES revisita a linguagem gráfica dos anos setenta com um toque contemporâneo. Uma linha expressiva, onde os contrastes de matérias, cores e linhas compõem um objeto simultaneamente elegante e cheio de humor.

Mansia

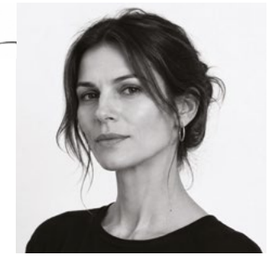

MANSIA s'inspire de la délicatesse envoûtante de la fleur Brugmansia, dont elle emprunte la silhouette gracieusement retombante. Son abat-jour en toile plissée évoque les pétales d'une corolle en mouvement, jouant avec la lumière pour créer une atmosphère douce et vibrante. Soutenue par une structure métallique colorée, fine et affirmée, MANSIA associe la légèreté du textile à la rigueur du métal. Une pièce sculpturale et sensuelle, où la nature inspire la forme et la matière sublime l'émotion.

Boom

BOOM rend hommage aux formes iconiques des années 70, revisitées avec audace et légèreté. Des sphères quasi-parfaites, à la fois simples et exigeantes, se répondent dans un équilibre subtil. Réalisées en coton ou encore en lin, et déclinées en une palette de coloris vibrants, elles captent la lumière avec douceur tout en affirmant une présence saisissante. Derrière l'apparente simplicité se cache une véritable prouesse technique : la maîtrise du volume, la tension de la matière, la pureté de la ligne. BOOM conjugue originalité et générosité, pour un effet visuel maximum et une modernité intemporelle.

BOOM pays homage to the iconic shapes of the 70s, revisited with boldness and lightness. Near-perfect spheres, both simple and demanding, respond to each other in a subtle balance. Made from cotton or linen, and available in a palette of vibrant colors, they gently capture the light while asserting a striking presence. Behind the apparent simplicity lies a true technical feat: mastery of volume, tension of material, purity of line. BOOM combines originality and generosity, for maximum visual impact and timeless modernity.

Bilbok

Comme son nom l'indique Bilbok est un clin d'oeuil au BilbokUET de notre enfance. La boule de tissus est formée par 12 laizes de tissu et est entièrement faite à la main. Elle nous offre un jeu de lumière ncroyable et parait rester en équilibre sur son socle en céramique.

As its name suggests, Bilbok is a nod to the cup-and-ball of our childhood. The fabric ball is formed by 12 strips of fabric and is entirely handmade. It offers us an incredible play of light and seems to remain balanced on its ceramic base.

Como o próprio nome sugere, Bilbok é uma homenagem ao bilboquê da nossa infância. A bola de tecido é formada por 12 tiras de tecido e é inteiramente feita à mão. Oferece-nos um incrível jogo de luz e parece manter-se equilibrada na sua base de cerâmica.

Roll

Le modèle ROLL est un luminaire simple et original avec un abat-jour qui rapelle les glaces des enfants, aux multiples saveurs. La structure fine, en métal, est sobre et permet plus ou moins de fantaisie, suivant les coloris choisis pour les différentes laizes de tissu qui semblent flotter dans les airs.

The ROLL model is a simple and original light fixture with a lampshade reminiscent of children's ice creams, with multiple flavors. The thin, metal structure is understated and allows for more or less fantasy, depending on the colors chosen for the different widths of fabric that seem to float in the air.

O modelo ROLL é um candeeiro simples e original, com um candeeiro que faz lembrar os gelados infantis, com vários sabores. A estrutura fina de metal é discreta e permite mais ou menos fantasia, dependendo das cores escolhidas para as diferentes espessuras de tecido que parecem flutuar no ar.

Sally

Entre équilibre et générosité des formes, SALLY célèbre la céramique dans son expression la plus pure. Son volume maîtrisé, sa surface subtilement taillée et ses proportions harmonieuses en font une pièce à la fois contemporaine et intemporelle. La lumière s'y déploie avec douceur, révélant le travail de la matière et la sensibilité du geste artisanal.

Between balance and generosity of form, SALLY celebrates ceramics in its purest expression. Its controlled volume, subtly cut surface and harmonious proportions make it a piece that is both contemporary and timeless. The light unfolds gently, revealing the work of the material and the sensitivity of the artisanal gesture.

Entre o equilíbrio e a generosidade de formas, SALLY celebra a cerâmica na sua expressão mais pura. O seu volume controlado, a superfície subtilmente recortada e as proporções harmoniosas fazem dela uma peça contemporânea e intemporal. A luz desdobra-se suavemente, revelando o trabalho do material e a sensibilidade do gesto artesanal.

Inspirée par la légèreté des gouttes d'eau, DROP incarne la fluidité et la poésie du mouvement. Plusieurs formes de céramique, délicatement superposées, composent une silhouette organique et équilibrée. La texture subtile capte la lumière et la diffuse avec grâce, révélant les nuances de la matière et la richesse du travail manuel. Entre douceur naturelle et élégance contemporaine, DROP invite à un instant de calme et de contemplation.

Inspired by the lightness of water droplets, DROP embodies the fluidity and poetry of movement. Several ceramic shapes, delicately layered, create an organic and balanced silhouette. The subtle texture captures the light and diffuses it gracefully, revealing the nuances of the material and the richness of the handwork. Between natural softness and contemporary elegance, DROP invites a moment of calm and contemplation.

Idea

IDEA puise son inspiration dans la perfection organique des oursins de mer (Echinoidea). Formée de deux coques de céramique plus ou moins ajustées, elle compose une sphère plissée d'une grande richesse tactile. Son émail réactif, d'un marron glacé profond, révèle de subtiles variations sur les arêtes, jouant avec la lumière et la texture. Entre rigueur minérale et poésie marine, IDEA célèbre la rencontre entre la nature et le savoir-faire artisanal, dans une pièce à la fois sculpturale et apaisante.

IDEA draws its inspiration from the organic perfection of sea urchins (Echinoidea). Formed from two more or less tightly fitted ceramic shells, it creates a pleated sphere of great tactile richness. Its reactive glaze, a deep, glossy brown, reveals subtle variations on the edges, playing with light and texture. Between mineral rigor and marine poetry, IDEA celebrates the encounter between nature and artisanal know-how, in a piece that is both sculptural and soothing.

IDEA inspira-se na perfeição orgânica dos ouriços-do-mar (Echinoidea). Formada a partir de duas conchas de cerâmica mais ou menos justapostas, cria uma esfera plissada de grande riqueza táctil. O seu esmalte reativo, de um castanho profundo e brilhante, revela variações subtis nas bordas, jogando com a luz e a textura. Entre o rigor mineral e a poesia marinha, IDEA celebra o encontro entre a natureza e o saber-fazer artesanal, numa peça que é simultaneamente escultural e relaxante.

Mathilda est un hommage à la force féminine : une lampe qui non seulement éclaire, mais inspire. ZULU est le simbole de l'élégance dans la sobriété. Cette liseuse ultra fine se perche sur un socle de marbre blanc et nous permet une petite touche de fantaisie par le choix d'un tissu Zébré pour l'abat-jour.

ZULU is the epitome of understated elegance. This ultra-thin reading light sits atop a white marble base and adds a touch of whimsy with the choice of zebra-print fabric for the lampshade.

ZULU é o epítome da elegância discreta. Este candeeiro de leitura ultrafino assenta sobre uma base de mármore branco e acrescenta um toque de excentricidade com a escolha do tecido com padrão de zebra para o candeeiro.
